GENEROUS PEOPLE
Of Garrard County
Already Coming
To The Rescue
Of The Or-
phans.

Response is already being made to the appeal for help to build a Model Village on a Model Farm for the Kentucky Orphans Home and more will make their contribution next week. As during the great war the people of Garrard County gave to the limit when they saw the need, so now they are responding to the call of the unfortunate little ones who have no one to look after them and no one to give them the chance to which they are entitled.

All of the churches of the county, all of the public schools, the Womans Club and the Garrard County Chapter of the American Legion have gone on record as saying that they indorse and heartily support the effort being made to help the Home for Orphans.

A \$10.00 Orphans Home Club has been formed and the following well known citizens have already joined:

Can you refuse to help so worthy a cause? Remember it is more beautiful to give than to receive and what you give for this cause will not be regretted.

Dates Claimed.

Mrs. Joe Mount's division of the C. W. B. M. society will have an exchange and bazaar, Wednesday, November 26th, which is the day before Thanksgiving.

New Firm.

Currey and Gulley is the style of the new grocery firm, now occupying the old store of Davidson and Tomlinson, the consolidation of the two stores being mentioned in this paper a few issues past. Mr. Booker Wilkinson has been retained as the chief meat carver and is now on the block with a sharp knife and a nice young beef. Success to the new firm.

MRS MARY LACKEY Passes Away Following Lingering Illness.

In the death of Mrs. Mary Goodloe Lackey Lancaster suffered an irreparable loss. Mrs. Lackey had been ill for several months and gradually grew worse and peacefully passed away Wednesday morning at three o'clock at her home on Danville avenue. She was born in Louisiana and when quite young her parents came to Kentucky. Mrs. Lackey married Mr. Delaney Lackey who died about twelve years ago.

She was a woman who was thoroughly devoted to her household duties, kindly, frank, generous, obliging to all and ever ready to give assistance when it was in her power to do so. She was indeed a very charitable woman, especially to the poor and unfortunate, and each one has some reminiscence of Mrs. Lackey, and the evidence of her kindness, her cordiality, are everywhere apparent.

She was a worthy representative of a long line of distinguished ancestry. She was a member of a wealthy pioneer family, being a niece of the late Col. Rhodes Estill and a cousin of Col. James Caperton, of Richmond, being also related to the Goodloe families of Lexington.

Besides her daughter, she leaves two grand-daughters, Mrs. Herbert Price and Miss Mary Lackey, of Danville, her only son, Mr. Goodloe Lackey having died several years ago.

She was a consecrated member of the Presbyterian church and always active in its work when her health would permit.

But it is in the home circle that she will be most missed. We wish it were in our power to say one word that would lend comfort to the sorrow-stricken daughter, but we know how vain it is to attempt to gild a grief with words or try to assuage a pain with any expression of sympathy. We only know that all who live must die, and each must be brave enough to meet what all have met. We can not say whether the good-by here is not somewhere else a dawn. Hope lures us ever ward—Where the faded flowers shall freshen.

Freshen never more to fade:
Where the shaded sky shall brighten,
Brighten never more to shade.

Where the sun blaze never scorches,
Where the star beams cease to chill:
Where no tempest stirs the echoes
Of the wood, or wave, or hill.

Where no shadow shall bewilder,
Where life's vain parade is o'er:
Where the sleep of sin is broken
And the dreamer dreams no more.

Funeral services were held this afternoon at the home at one o'clock, Rev. Harry Hudson officiating, after which the remains were taken to the Richmond cemetery where they were laid to rest by the side of her husband.

Gibbs Farm Sells.

Mr. Luther Gibbs sold this week his splendid farm containing 630 acres to Mr. J. I. Hamilton, price private. The farm is one of the best in the county lying on the Kirsksville and Lancaster pike and about five miles from Lancaster.

Mr. Hamilton informs us that he purchased this farm on a speculative venture and expects to sell it in several tracts in the next few weeks. Every tract will front on a good road, which he expects to build through the farm leading out to the Kirsksville pike. This farm is especially adapted for tobacco, several hundred acres of which is virgin soil. Watch for the advertisement in next weeks issue of the Record.

We understand that Mr. Gibbs will purchase property in Lancaster, and will locate here permanently. This will be gratifying news to the friends of this delightful family, who would regret exceedingly if they should decide to leave the county.

Services At Gilead.

There will be services at Gilead, on the third Sunday in the month, at eleven o'clock. The pastor will be present and preach on the subject of "God's Mercy to Backsliders," using as a text Hosea 14:4.

Every one is cordially invited.

MORROW'S DENIAL Refuted By Rhea.

Federal Reporter, Official Publication of Court, Shows Republican Candidate was in Famous Grant County Prosecution Of Farmers.

Louisville, Ky., Oct. 13th. Thomas S. Rhea, State chairman of the Democratic Campaign Committee, has issued a statement supporting his charge that Edwin P. Morrow, Republican candidate for Governor, prosecuted the cases against five tobacco growers of Grant County who were charged with violating the Sherman anti-trust law by combining to secure better prices for the tobacco they had raised.

Morrow, in a speech at Winchester, Wednesday night, denied that he was in these cases.

Mr. Rhea quotes the Federal Reporter on him.

Mr. Rhea also calls on Morrow to answer two questions. These are: Did Morrow protest against the pardon of these Grant County farmers just because they were pardoned by President Taft?

Did Morrow, while United States District Attorney, prosecute the tobacco trust or any other trust?

WHAT MR. RHEA SAYS:—

Mr. Rhea's statement follows:—"Mr. Morrow, in his speech in Winchester, called in question the statement made by Congressman Cantrill and myself, when we charged that he prosecuted five farmers and tobacco growers under the Sherman anti-trust law. And he says that if we had investigated we would have known the facts.

"I have made an investigation, and find on page 1, Volume 192, Federal Reporter, that on December 5, 1911, the case of the United States against John S. Steers and other farmers, was affirmed in the United States Circuit Court of Appeals, and this record shows that the following attorneys participated in the trial of this case:

W. W. Dickerson, (Clare, Dickerson and Clayton, and Myers and Howard, on the brief), for plaintiff in error; E. P. Grosvenor, special Assistant Attorney General, Assistant Attorney General (James A. and EDWIN P. MORROW, United States Attorney, on the brief), for the United States.

"Will Mr. Morrow deny that this is a correct record of the United States Circuit Court of Appeals? If this is a true record, then Mr. Morrow did prosecute Mr. Steers and the other farmers under the Sherman anti-trust law.

"Mr. Morrow, tell the people of Kentucky, whether or not, while you were United States District Attorney, you wrote a letter protesting against the pardon of these Grant county farmers a short time before they were pardoned by President Taft?

"Mr. Morrow, did you, while United States District Attorney, prosecute the Tobacco Trust, or any other Trust?

"And why didn't you prosecute the trust which was preventing the farmers of this State from obtaining a fair price for their tobacco?"

Brown.

Last Friday night the community was grieved to hear of the death of Casper Brown, who died Oct. 3rd, in Lincoln County.

Mr. Brown was only nineteen years of age, and had been ill just one week with typhoid fever.

He is survived by one sister and one brother, Miss Geneva Brown of Lincoln County and Harrison Brown of Buckeye.

Casper was a splendid young man and friends will regret to learn of his death. Much sympathy is extended the loved ones.

Time Turns Back.

On Sunday, October 26th, which is the last Sunday in this month, the clocks will be turned back one hour in order to conform to "sun time".

The Day Light Saving Law, recently repealed by Congress, was a war measure and the clocks were turned forward the first Sunday in April.

It has proven a boon to the industries of the country and has meant the savings of millions of dollars in industrial centers, but the farmers throughout the country were mostly as a whole against it and is one of the reasons for its repeal by Congress.

See the add of J. R. Mount and Company, Home, store and business for sale privately.

MANAGER EMPLOYED.

Mr. Roy McCray, of North Middletown Will Manage Tobacco Warehouse.

For several months the directors of the Garrard Tobacco Warehouse have been looking over the state for a man suitable to look after the management of the house, but not until last week were they able to secure the man they wished and get his consent to serve.

Mr. Roy McCray, of North Middletown is the gentleman they have contracted with and the writer knowing personally Mr. McCray for several years, we are frank to say that no better selection could have been made. Mr. McCray was raised in a tobacco patch and knows the weed as none other and the value of it. He will move to Lancaster about November 1st, and take up his duties, getting acquainted with the growers and see to it that they get every cent their tobacco is worth over the floor of the Garrard Tobacco Warehouse.

The prospects were never brighter for a great crop in Garrard than this year and the quality is the best seen here in years. Indications still point to high prices, many predicting the price will be much higher than last year. Hold on to your crop, Mr. Farmer, and sell it on the floors of the best tobacco warehouse in the state.

ABERDEEN.

ANGUS SALE.

Forty Head To Be Sold Here Oct. 22nd.

We wish again to call the attention of our readers to the Aberdeen-Angus sale to be held in this city on October 22nd, which is next Wednesday. In order to be more convenient to the buying public the sale will be conducted at the local Stock pens in this city instead of at the Angus-Stock Farm as told in our issue last week.

Those who miss this sale will miss seeing some of the choicest cattle of this breed ever offered in Kentucky and they are going to sell, so Messrs Bradshaw tells us. A letter to them will bring you one of their catalogues, describing in detail every individual as well as the pedigree. Don't miss the sale for if you do you will regret it.

James Denny

Farm Sells.

The James Denny farm containing about 261 acres was sold by Swinebroad last Friday morning in two tracts at a total average of \$196.00 an acre. Mr. Will Palmer bought the home place and 64 acres for \$345.00 the remainder of the farm going to Mr. Tom Cotton.

Our Real Estate

Advertisements.

We are carrying another large display of real estate advertisements in this issue of the Record and we ask our readers to carefully peruse these sales and if interested to attend some of them or tell your neighbors about them. Some of the farms are in this county, some in Boyle, Mercer, Lincoln, Casey in fact all are lying in the best sections of the state and are lands that will be absolutely sold to the "high dollar." Swinebroad, who always sells, is carrying nearly two full pages, Hughes and McCarty have two farms one in Casey and one in Lincoln, both will sell, Haselden Brothers will sell the Will Cook place on the New Danville pike, just outside the city limits, Thomas Realty Company are advertising some good ones, others not in the hands of real estate dealers are also advertised in this issue, all of which are advertised to sell. Read them all it will pay you and keep you posted on the value of real estate and farming lands in this and adjoining counties.

Letters Omitted.

Circumstances over which we had no control forced us to leave out several letters from our correspondents this week. We hope to take care of all of them in the future and ask their indulgence for this time.

PROHIBITION ADDRESS.

At Christian Church Last Sunday Night.

J. Raymond Schmidt Pleases Good Audience.

In an address at the Christian Church Sunday night, J. Raymond Schmidt, manager of the Speakers' Bureau of the State-wide Prohibition Federation spoke in part as follows:

"The Prohibitionist who claims the prohibition fight is over in Kentucky is like the ostrich; hiding his head in a pile of sand and because he cannot see danger thinks there isn't any. He reasons that with the nation going constitutionally dry in January, 1920, nothing can be gained or lost in the result of the November vote on the state constitutional amendment. He forgets that the liquorites the country over are hoping Kentucky will return an unfavorable verdict so that they may herald the news far and wide as indicative that dry sentiment is on the decline and that booze is scheduled to come back.

"Over confidence is the danger signal in this the last pitched battle for prohibition in Kentucky. If the amendment is defeated on November 4th, it will not be because of the super-activity of the wets but the too apparent lack of life among the dries. The latter simply must be aroused against their danger and to their opportunity for covering Kentucky with great glory by piling up a plurality of 100,000 for the amendment.

"There are two things that voters should fully understand; that the prohibition amendment will be printed on a separate ballot and that the safest way of getting one of the ballots is to ask the election clerk for it.

"There are four reasons why every patriotic, home-loving citizen should ask for the prohibition ballot and vote for the amendment; namely: first, to provide the constitutional basis for the passage by the next legislature of laws enforcing the state and federal amendments; second, to silence forever any and all claims that the prohibition wave is now receding; third, to endorse Kentucky's ratification of the Federal Prohibition Amendment and fourth, to show through an overwhelming majority such a high pressure of public opinion that all prohibition laws will be more thoroughly enforced and more generally respected by all."

GOVERNOR BLACK To Speak Here Court Day.

The democratic campaign committee of this county is leaving nothing to chance in an effort to put old Garrard into the democratic column on November 4th, and if only the voters of this political faith will come to the polls on that day and stamp under the rooster, Governor Black will be Kentucky's chief magistrate for the next four years.

It will be glad news to his friends to know that he will address the citizens of Garrard and adjoining counties at the Court House in Lancaster on County Court Day. Governor Black is exceedingly popular in this county, as the vote he received in the primary is proof, and we predict that a bumper crowd will be here to welcome him on that day.

Examining Trial

Waived.

The court room was packed yesterday morning to hear the examining trial of Andy Beazley, charged with killing William Denton a few days ago, account of which was given in this paper at the time.

After the calling of many witnesses, the council for the defendant waived the examining trial and Beazley was remanded to jail to await the action of the grand jury which convenes next month.

Horse and

Buggy Stolen.

Some thief who should spend his future days in the penitentiary stole a horse and buggy from an alley in Lancaster last Friday night and the owner, Mr. Sam Morris has been unable up to this time to hear any trace of them. They are both described in an advertisement in this issue, where Mr. Morris is offering a reward of \$25.00 for their return.

ROOSEVELT Memorial Fund.

Mr. J. T. Holtzclaw, of this city has accepted the chairmanship of the Roosevelt Memorial Fund and in a card in this issue of the Record is appealing to the friends and admirers of this great American, to contribute to this fund, which we know they will do, irrespective of political or religious affiliations. The campaign will be started during the week of October 20th to 27th. Numerous memorial meetings will be held throughout the United States during the week of this drive and meetings of this character will be held in this county, which will be asked to give \$500.00 toward this fund.

Every person who gives to this fund during that week will become a permanent member of the Roosevelt Memorial Association. Any contribution, large or small, will entitle such donor to membership.

Those interested in this fund should call on Mr. Holtzclaw and offer assistance that he should need in seeing that a proper fund is raised in Garrard County.

Mrs. Forest Stapp has been appointed County Chairman of the Womans Roosevelt Memorial Association by Mrs. S. Thurston Ballard State Chairman.

The object in view is to solicit funds for the purpose of purchasing the house in New York where Roosevelt was born, to fit it up with his belongings, and make it a fitting memorial to this great American.

Mrs. Stapp has appointed Mrs. J. E. Robinson, Mrs. Henry Moore, Mrs. Henley Bastin and Mrs. J. A. Amon, as a committee to work in Lancaster, and has named the following ladies as chairmen in each voting precinct in the county: Mrs. J. C. Williams, East Bryantsville; Mrs. Abner, West Bryantsville; Mrs. Montgomery, Paint Lick; Mrs. Eph Sam Morford, Buckeye; Mrs. B. B. Hammack, Union; and Mrs. U. G. Raines, Walkers School House, each of whom will appoint their precinct committees, and we trust that the many citizens who were such loyal friends of the great ex-President while living will quickly contribute the sum of two hundred dollars, which is the amount allotted to Garrard County from the ladies.

To The Citizens

of Garrard County.

Roosevelt Memorial Association in Garrard County will canvass the county October 20th—27th. Every giver be it much or little becomes a member of the Roosevelt Memorial Association. This movement is non-partisan, all Political organizations and Religious denominations are asked to help perpetuate the high ideal of this great man.

Finds Something To Do The Business.

"I tried everything that I heard of for the stomach and bowel trouble and bloating, but got no permanent help until I struck Mayr's Wonderful Remedy, and that did the business. My son in Canada has also taken it and writes it has done him a lot of good." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

And actually this process brings out hidden flavors and new delights that give to this cigarette a *satisfying* quality all its own. We don't care what cigarette you've been smoking, you'll like Chesterfields better.

No Disgrace to Be Hypnotized.
An idiot or a person without considerable ability in concentrating his mind can not be hypnotized. The fact that one has been hypnotized is proof that he can hold his mind on one subject. It is, therefore, not to his discredit, but rather the contrary.

Production of Jade.
Practically all the jade now mined comes from Burma, though New Zealand is a producer of some jade. China takes practically the entire output. In Burma the privilege of mining it has been held by the same Indian or Shan tribe for many generations.

Oldtime Mirrors.
Mirrors were used by Anglo-Saxon women slung to their girdles. The same custom prevailed in the time of Elizabeth and James I. They formed the center of many fashions at that period and later. Before glass was invented horn and metal were used.

New Term of Endearment.

It much disturbed Billy to have a friend address his baby brother as "a darling lamb." "His name is Leigh and he is not a lamb," he informed the woman, who explained that it was but an endearing term. Next day his mother heard him exclaiming over his brother as a precious little camel.

Beech Valuable in Medicine.

The beech, which is found in the temperate zone in Europe, America and Asia, is valuable in medicine for the creosote distilled from its tar. Creosote, creosote carbonate and guaiacol are medicines used to supplement the hygienic measures which have done so much to reduce the death rate in sufferers from pulmonary tuberculosis.

Siamese Object to Walking.

The Siamese, above all nations in the world, hate to walk. No such mode of progression is tolerated by a Siamese if he or she can by any means ride. THE WAR AGAINST WILSON.

Republicans are insisting not only on fighting the present campaign on State issues, but on making those issues the issues of four years ago, when the people, after due deliberation, decided that whatever the faults of Owsley Stanley they preferred him to Ed Morrow. It is not possible for them, however, to avoid the consequences of Republican war on the President in the United States Senate. The animus of that fight against President Wilson is stated succinctly but powerful in the address of Congressman Alvin W. Barkley as chairman of the Democratic State Convention when he said:

"And then when this army had driven the enemy back at Belleau Wood, at Chateau Thierry, at Fismes, at St. Mihiel, in the Argonne Forest and all the other immortal spots where American blood sanctified the soil of France, and that enemy with broken sword and flag of truce sued for peace on terms laid down

by the Commander-in-Chief of that victorious army, we see these same Republican sustainers and upholders seeking to discredit the President of the nation and the spokesman of their country in a foreign land, where he had gone amid the grateful acclamations of a burdened world to help restore the peace of nations and gather up again the fragments of civilization. We see them by every contemptible device which demagogues display seeking to hinder, to thwart, to intimidate, to belittle and discredit the President of this great nation in the hope that his efforts to vindicate the cause for which our nation fought might come to naught. And when, after months of weighty counsel and profound deliberations among the representatives of those who had won the war, the greatest peace treaty ever penned since man ascended from the depths of savagery and laid before the world for its approval, we see that same group of envious men seeking to emasculate it and tear its vitals to shreds while the world waits over a volcano for the return of peace."

The people of Kentucky want that treaty ratified. They want war made as nearly impossible as may be for the future. For that reason they favor the League of Nations. Mr. Morrow, as quoted by William C. Shinnick, one of the most reliable and dependable newspaper men in the State, seems to be against it. The people will decide whether it is an issue November 4th, when they elect Governor Black, who favors the treaty and the League, over Mr. Morrow who "seems to be" against it.

THE PEOPLE'S OPPORTUNITY.

Kentuckians have never in their lives had a finer opportunity to do the State a real service than they will have November 4th. No candidate of any party every measured up to a higher standard of citizenship than Governor James D. Black. A Christian gentleman, whose life has been an open book; respected and esteemed by his neighbors without regard to party; a lawyer of ability and a successful business man, his candidacy should appeal to those Kentuckians who hold the welfare of the State above any party and especially to those who have fought the battles of Democracy for so many years. Governor Black has been a Democrat in a section of Kentucky where men were Democrats solely from principle. He is entitled to the vote of every Democrat in Kentucky. He should get the vote of every independent. If he does that the doom of the Republican millionaire combine is assured November 4th.

In what was considered the best game of Foot Ball ever played on the local gridiron was pulled off last Friday afternoon when Capt. Todd Elliott's string of little "Sterlings" trotted on the field to meet the visitors from Jessamine.

BEAUTIFUL HOME

To Be Sold Saturday.

The home of W. R. Cook with adjoining land will be sold Saturday, as advertised in this issue. This is one of the prettiest places in or near Lancaster. Located close in and is an ideal location for a dairy farm or truck garden, something that Lancaster needs badly.

This place will be sold by Joe Haselden and by the way Joe has been doing some selling in the real estate line recently, having sold a bunch of lots, also a large flour mill in Brodhead, a farm on Lexington pike advertised in the Record, the G. C. Walker property on Richmond Street, and several other properties. One thing about a sale advertised by Joe is that you may be sure that what he advertises to sell is going to sell, having been in the auction land selling business for twelve years and devoting his time to selling of land and lots at auction.

The State makes provision for defective children but none for bright, normal children. The Kentucky Orphans Home takes care of the latter. Help the Home.

FREQUENCY OF FEED FOR CHICKEN FLOCK

Fowls in Confinement Must Be Given Good Attention.

Idle Birds Often Contract Pernicious Habits, Such as Feather Pulling and Egg Eating—Get Out of Condition.

(Prepared by the United States Department of Agriculture.)

Some poultrymen feed their flocks twice a day, while others feed them three times a day. The best plan is to feed fowls in confinement three times a day and those having free range in summer twice a day. When there is a very long interval between feeds it is difficult to keep fowls busy which are kept in confinement. Idle fowls often contract bad habits, such as feather pulling and egg eating, besides going out of condition from lack of exercise.

In case it is not convenient to feed three times a day, the moistened mash may be fed in the morning, and at the same time the noon feed of grain may be scattered in the litter, which will keep the fowls busy a great part of the day.

For those who cannot conveniently feed their fowls early in the morning

Best Plan to Keep Confined Fowls Busy Scratching for Their Food.

a good plan is to scatter grain plentifully in the litter after the birds have gone to roost. This grain will furnish feed for the early morning.

Some poultry feeders can look after their fowls only once a day. If this is in the morning, moistened mash may be fed, followed by throwing grain in the litter to furnish feed for the remainder of the day. If it is in the evening, before dark, a moistened mash may be given, and either after the fowls go to roost or in the morning, before daylight, grain may be scattered in the litter for eating during the day.

PROPER PRUNING OF GRAPES

Best to Cut Away Old Fruiting Canes at or Near Where New Cane Has Started.

In pruning grapes one should keep in mind that the old wood that has borne fruit once never bears again, that the wood that is formed one season produces the next season, and that if all the new wood is left on the vines it will bear more clusters of fruit than can properly develop. With regard to the system of training followed, it has been found best to cut away the old fruiting canes at or near the point where the new cane started and cut away the laterals on the new cane.

BUILD SHED FOR MACHINERY

Implements Are Going Up Rapidly in Price and Are Worthy of Ample Protection.

Farm machinery costs from 50 to 100 per cent more than it did two years ago, and is still going up. How much of yours is standing out in the weather with only an apple tree for protection? Get it under shelter at once and watch out for our suggestions for overhauling and repairing it. Half a dozen posts, a few poles, a day's work for two men and a team, and a few loads of the straw you are burning or allowing to rot, will build as fine a machinery shed as anyone could ask.

CLEAN UP SOIL IN ORCHARDS

Hoe Away All Weeds and Rubbish Under Trees and Mound About Trunks—Scatter Poison.

In late fall hoe away all weeds and rubbish under trees. Leave the soil clean and well firmed from the trunk to slightly beyond the spread of the branches. Mound about the trunk slightly. Scatter poisoned baits in mouse runways, near entrances to burrows, mole runways, and in trash piles apt to harbor mice.

KEEP INSECT PESTS REQUED

Fertilization, Thorough Cultivation and Attention to Pruning Are Important.

The great desirability of keeping insects reduced by modern orchard practice, as fertilization, thorough cultivation and attention to pruning and other operations, cannot be emphasized too strongly and is well appreciated by most progressive and successful growers.

Keep this Clipping, for it is Valuable. It puts you in touch with the Men you want, for they are noted to sell land higher than anybody else in this business.

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a toppy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

Awaiting your say-so, you'll find toppy red bags, tidy red tins, handsome pound and half pound tin humidors—and that classic, practical pound crystal glass humidor with sponge moisture top that keeps Prince Albert in such perfect condition!

Have No Chance to Forget.
Three separate invitations are usually sent to guests in China. The first is dispatched several days before the banquet, the second on the day itself, as a reminder, and the third about an hour before the sitting down to the table.

Put Character Above All.
One of the sayings of the late J. P. Morgan that will be remembered after his art collection's glories have been forgotten, was: "I will loan any amount of money to a man of character, but nothing to a man of bad repute, no matter what his security."

Sapphires and Diamonds.
The sapphire is probably not as valuable as the diamond, roughly speaking, although comparison is difficult, owing to taste in color, and to the differing values as size increases. For instance, the price of a diamond rises in proportion to the square of its weight, a two-carat stone bringing four times as much as one of one carat. (Let me add that 15 1/2 carats equal one ounce Troy weight.)

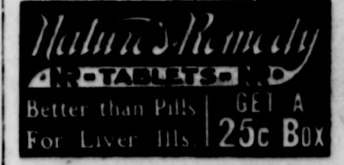

Don't Prod Your Liver to Action

NR Overcomes Bilelessness, Constipation, Sick Headache, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others. "Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (NR Tablets), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes bilelessness, corrects constipation and quickly relieves sick headache. Get your system thoroughly cleansed and purified for once; stomach, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day—just take one NR Tablet occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well.

Get a 25c box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used or no pay. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

Law and Order.
It does not matter what my enemies may need of; in all my life I have been on the side of law and order, and I have never inquired whether those who were white or yellow. Loyalty is like gold, the same in all countries.—Li Hung Chang

Doubtful Tongued.
Dorothy wished to tell her aunt about another little girl who lived a few doors away. It happened that the other little girl stuttered. As Dorothy didn't know her name and didn't know the word "stutter," she said: "Oh, aunt, I know the little girl that talks like this."

A Slip of the Tongue.
I'm quite sure the most embarrassing moment of my life was when I met my friend Jim — whose very rich father had just died. Intending to extend to him an expression of my sympathy, by some lapse of tongue I said to him: "Jim, I've just heard of your father's death, and I want to extend to you my sincere congratulations."—Exchange.

Work Hard and Play Hard.
Regular daily relaxation and particularly relaxation through enthusiastic hobby riding has the advantage of promoting emotional control, an indispensable factor in the winning of success. To work hard, to play ardently, to live a decent, hygienic life in general, sums up pretty comprehensively the secret of business success. Following this plan, men of only average ability can and do advance by rapid stages, while without its aid more brilliant men falter and fail.

Why Suffer?
Mrs. J. A. Cox, of Anderson, W. Va., writes: "My daughter suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haaslem Oil Capsules. THE SILVER CUP

By M. L. WALKER.

Louise Morton, combining business with pleasure, had just purchased a three-roomed bungalow in a summer colony of lakeside commuters. Here she hoped to rest from her labors as a trained nurse for a long, healthful summer and incidentally raise a fine garden.

She stood on her small front porch in the midst of a litter of household goods and watched the furniture van till up over the hump in the road and disappear down the hill.

"If three rooms can hold all these things, it's time to prove it," she declared, and set about her moving in with energy.

Lights began to twinkle in the little bungalows around her as she sat down at last in the tidy little house and looked about.

But the glowing! Last year's matted grass covered the "10,000 square feet" that went with her camp. She called at the great white farmhouse on the slope of the hill, to ask advice the next morning. A workman met her, evidently a farmhand, who was driving the farm horse out on the wagon road.

"Why, yes," said he, considering the blue gray eyes and chestnut locks before him, "I think I can get off to plow your little garden tonight after supper. It's light 'till pretty late now."

As the sunset faded the farmhand drove his plow on to her little field and soon the furrows, straight and black, lay open to the night air, enriching its color.

"Ever plant before?" he asked as he poked the horses at the end of a row.

"Oh, not a big garden like this," said Louise, noting the well shaped head and the graceful vigor of the figure leaning against the horses, battered hat in hand. "I've planned a fine one," she continued, and was surprised to remember later how interesting it had been to explain it all to Mr. Ward, as he gave his name.

"I'll come over tomorrow and harrow it," he offered as he swung his team into the road at last.

"I'll be so glad to have you," said Louise, happily, "for I can hardly wait to get my little farm started."

The garden grew apace. The flourishing potatoes nodded a sea of blossoms, the corn was blithely green, butterflies hovered over the tender peas. Already the posters of the county fair ornamented the store windows and bulletin boards. All the neighborhood was incited to greater efforts yet by the offer of a silver cup to the winner of the most awards at the fair. As the days went on the vegetables responded to the zealous care Louise expended upon them. Mr. Ward offered to take her exhibits to the hall in his wagon, and he suggested entering the great purple pansies and the flaming nasturtiums also.

She asked the dairy maid at the farm when she went for the milk if Mr. Ward was about.

"He's in town today at the office," replied the girl.

"The office," thought Louise, "probably his employer's. I wonder who the owner of the farm is."

But after supper he came and condescended about the giant squash leaves. The blight wouldn't hurt the vegetables, and the drought was nearly over, too, for already the sky was clouding for a tempest.

And Mr. Ward handled her treasures carefully and appreciated the beauty of their arrangement.

You can't help getting some prizes with these jewels," he assured her.

She went up with the neighbors on the early train next day to hear the opening speeches. To her great surprise Mr. Ward was announced as chairman of the fair committee, and he gave a dignified and interesting speech of welcome and then introduced the others on the platform.

When the gay luncheon party of the neighborhood was over, and the afternoon had begun to wane, and all the winners of honors in the lake community had compared their results, she saw Mr. Ward coming toward her as she stood with a group about a wonderful silvery cow with a little calf beside her. The others greeted him gayly with the easy introduction of country customs.

"So you are the owner of the great farm near our lake," said Mrs. Freeman. "I always supposed you were a hired man, you attended Miss Morton's garden so diligently."

"Well, there's no disgrace in hiring out to help the neighbors, I'm sure," Mrs. Freeman, he replied.

They went over toward the office quarters. "So you are not a hired man at all?" asked Louise.

"No, I have an office in town, but this summer I decided to have a garden of my own, so I came up to my farm for the summer for a change. You don't mind my telling you about your mistake in taking me for the hired man, do you?" He stopped at the lower step and looked at her anxiously.

"No," said Louise happily. "Now that I've won the awards and the silver cup I won't scold about anything."

The judges were already descending the stairs to meet her. There was only a minute left, but he made good use of it.

"And will you let me drive you home tonight—Louise?"

"Yes," whispered Louise, turning to greet the judges.

"And heaven bless that garden," breathed her "hired man" fervently.

PREVENT LOSSES OF POTATO CROP

Avoid Cutting and Bruising of Tubers While in Field and in Shipping.

CAREFUL GRADING IS URGED

Cars Should Be Loaded With Aim for Ventilation and to Guard Against Shifting About and Breakage of Containers.

(Prepared by the United States Department of Agriculture.)

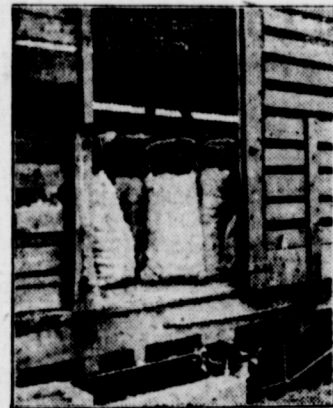

Potato growers can prevent much of the losses of the new crop in transit and in the markets by avoiding cutting and bruising the tubers in the field and by not allowing the potatoes to remain exposed to the sun after digging.

Careful grading will increase the growers' profits and will make a sure and more constant market. It is important to keep the skin—the protecting cover of the potato—intact. In handling new potatoes this requires great care. Cars should be loaded according to a definite plan, which provides for ventilation and prevents shifting about and breakage of the containers.

Keep Skin Whole.

The majority of fungous diseases that cause decay of potatoes and other vegetables can not develop when the skin is free from cuts and bruises. Careful handling is fundamental, therefore, for the prevention of deterioration and waste. In this respect probably no single factor is equal in importance to proper handling in the field and none is more generally ignored by the average grower or laborer.

As a result of extensive investigations conducted by the department of agriculture at the more important shipping points the investigators recommend the double-headed, ventilated barrel as the most satisfactory package for shipping new potatoes. If properly made this container is sufficiently strong to carry the weight of its contents and fully protect the potatoes. The investigations show that there is much less breakage in cars where the barrels are loaded on end than when loaded on the bilge. Records show that in practically every car loaded on the bilge without head liners

Partially Loaded Ventilated Potato Car.

from 3 to 30 or more barrels are crushed and broken upon arrival at the market. Cloth-top barrels do not protect their contents as effectively as those having double heads. Flat or veneer barrels are too flimsy. All barrels used in shipping potatoes should conform to the specifications of the United States standard barrel.

Sacks Often Fail.

Although sacks are used extensively for shipping storage potatoes, they do not sufficiently protect new potatoes from cuts and bruises, and make adequate ventilation difficult. However sacks cost less than barrels and are frequently used. Sacks should not be of greater capacity than 120 pounds. In loading sacked potatoes, set them upright, one-half of the sacks leaning against one side of the car and the other half against the other side, thus leaving a V-shaped space in the center for ventilation. Two layers of sacks may be placed on top of these, being placed flat with the ends toward the side of the car.

Good types of ventilated box cars and stock cars are suitable for shipping new potatoes. When the tubers are sound and of good quality 30,000 pounds is a safe load. Double-deck stock cars are used in some sections and can be safely loaded by placing one solid layer of sacks or barrels standing upright on each deck. If stock cars are used, it is advisable to line the sides with heavy building paper to protect from sun and weather. The net weight or dry measure should be marked on all containers.

KEEP AWAY CHICKEN HAWKS

Much Assistance Rendered by Dogs, Guinea Fowls and Turkey Gobblers—Use Steel Traps.

Dogs, guinea fowl and turkey gobblers help to keep away chicken hawks. But for catching them it is recommended to set spring traps on the top of posts, poles or tree stumps where they may be seen to be in the habit of perching and where other birds or animals would not be likely to get caught. A good gun in the hands of a crack shot is a good exterminator.

McQuerry-Tudor.

Last Wednesday afternoon, Miss Mayme McQuerry and Mr. Conn Tudor, were quietly married at the home of Rev. C. S. Ellis, at Paint Lick, he performing the ceremony.

They had been sweethearts for some time but their wedding was a surprise to their many friends.

The bride is the attractive daughter of Mr. and Mrs. J. T. McQuerry and is a very popular young lady among her friends. She has for the past three years been one of our best school teachers of the county.

The groom is the son of Mr. and Mrs. W. R. Tudor and a very industrious young man. He is receiving many congratulations on the prize he has won.

Their many friends wish them a long and happy life.

Harding-Hughes Wedding.

The marriage of Miss Margaret Harding to Mr. Taylor Hughes, under other circumstances, would have been one of the most attractive social events in Central Kentucky, had not the serious illness and hourly expected death of the popular young groom's father, Judge John W. Hughes, causing the young people to completely change their plans. Under the circumstances they deemed it but proper to recall all invitations and have a most quiet wedding, which took place on October 1st in this city at the home of the bride's parents, Mr. and Mrs. Robert Harding.

The young bride was reared in Danville where she has always been very popular among a large circle of friends and acquaintances. She is the only child of Hon. Robert and Mrs. Maggie Harding, of this city. Her father for many years has been one of the leading attorneys of Kentucky, where he has enjoyed a large and lucrative practice. He comes of a family of distinguished lawyers, who have been prominent in Kentucky for half a century. The bride's mother was reared in the county of Garrard, at the historic farm of her father at Camp Dick Robinson. A singular coincidence attending the union is the fact that the mother of both bride and bridegroom were Misses Robinson before their marriage though not related by blood.

While the groom's family has lived in this county only a few years, they have made many friends here. They formerly lived in Mercer county, where Judge and Mrs. Hughes were among the best known and most popular people in the county. Judge Hughes having filled different offices in the county for many years. Taylor Hughes is a young man who has made many friends here and to be appreciated must be known. The numerous bridal presents received by the young couple from friends in many States give tangible evidence of the esteem in which they are held.

After a quiet honeymoon spent principally in Louisville among their friends, Mr. and Mrs. Hughes will return to Danville where they will make their home and where Mr. Hughes holds a responsible position in the Collector's office.

Their many friends join in wishing them a long, happy and useful life.—Danville Messenger.

You cannot live always and when you die your help to the Kentucky Orphans Home will be the most creditable thing you ever did. Give liberally.

COL. BRYAN

Urges State Amendment.

Nebraskan Comes To Kentucky For Several Speeches in Behalf of Prohibition In This Commonwealth.

Col. William J. Bryan spent last Saturday and Sunday in Kentucky speaking for the state prohibition amendment. Col. Bryan had a great crowd at Hopkinsville Saturday afternoon and hundreds were unable to get within hearing distance of him at the W. C. T. U. state convention at LaGrange. He made a powerful plea that Kentucky permanently put up the bars against the saloon and he urged all dry voters to get to the polls election day. Colonel Bryan said that while he had no direct information it was his opinion that the war time ban against the saloon would not be lifted before January, when the national amendment goes into effect. He said that the defeat of the defeat of the amendment would be taken by the "wets" as an indication that the prohibition wave had reached its crest and was receding.

He gave statistics given him Saturday, comparing arrests in Hopkinsville, Ky., during the months of July, August and September of last year and this.

In 1918 there were 577 arrests during these months, against 135 in 1919; 334 of these were for drunkenness in 1918 and seventeen for that cause in 1919, and 243 arrests for other crimes in 1918 against 118 arrests in 1919, according to the records.

Where There's a Baby on Farm Keep Rat-Snap.

Rats are on most farms. Once they get inside the house—look out. Rats kill infants—biting them is not unusual. Nursing bottles attract rats. Brake a cake of RAT-SNAP and throw it around. It will surely rid of rats and mice. Three sizes 25c, 50c, \$1.00. Sold and guaranteed by McRoberts Drug Store and Haselden Bros. Oct. Adv.

Reduce the High Cost of Living

A fuel shortage and higher prices are predicted for this winter. Why rebel at the high cost of living and do nothing to lower it? Last winter there was a reason for not buying anything that you could possibly do without but now there is no reason for not buying what you need and to keep on wasting fuel by using an old worn out stove will certainly not reduce the high cost of living.

For heating purposes our line of COLE'S HOT BLAST HEATERS and MOORE'S AIR TIGHT HEATERS cannot be surpassed. They give as much heat as any stove and use 25 per cent. less fuel. The government used thousands of these in France and at home. Your boy was probably warmed by one while serving Uncle Sam.

For the kitchen, MAJESTIC AND FAVORITE RANGES stand in a class by themselves. If you are interested in buying a range, it will pay you to see what we have to offer. Our Furniture Department will be glad to tell you about our stoves even tho you do not wish to buy a stove now. We have the largest stock of stoves that can be found in Kentucky. We can supply your wants and guarantee satisfaction.

WHY TAXES ARE HIGH IN KENTUCKY

In the past eight years in Kentucky, 214 new officeholders have been given jobs at an increased cost to you taxpayers of \$26,880 a year. That is \$3,360 a month or over \$1,440 every day including Sundays.

The fire marshal's office costs you taxpayers twice as much under Stanley as under Wilson (Republican). In the Agricultural Department Mat Cohen's personal traveling expenses for railroad fares, Pullmans, dollar meals, taxis, etc., were \$4,157.00 for three years. Salaries in Superintendent Gilbert's department of schools are three times what they were under Wilson (Republican).

Increase in Job Holders and Extravagance of Those Already in Office the Cause of Increased Taxes

Leading Democrats say there is no hope of better things under Governor Black.

Justice Carroll said: "The people want a house cleaning at Frankfort. They want to see some new men and some new faces in the offices and departments. They want to get rid of the names that have become familiar only because of long tenure of office. I again repeat and the Democrats of the State know it, that the officeholders have taken possession of him and he has taken possession of them. There is scarcely a county in the State in which they are not leading every effort to secure his nomination. IF HE IS GOVERNOR THERE CAN- NOT BE AND WILL NOT BE, ANY BUSINESS REFORMS OR ANY CUTTING DOWN OF UNNECESSARY EXPENSES OR CUTTING OFF OF USELESS OFFICERS OR EMPLOYEES."

Mills M. Logan, former Attorney General, said: "Before he became Governor the officeholders under the present administration put a ring in his nose and have been leading him around ever since."

Democratic Papers Denounce Stanley Administration

The Louisville Post (Dem.) said: "The whole state is clamoring for a man who will 'clean house.' Mr. Black leaves the house as it is. He has had a great opportunity and he has failed signally and before the whole state to take advantage of it. He is—we speak plainly—a cautious, timid man, who wants office largely for the sake of the office. Under him things would be largely as they are."

The Louisville Courier Journal (Dem.) said: "If he is a strong, able and effective man he will set about at once to cure defects which have blighted the administration of his predecessor. He will make special effort to destroy suspicions and rumors which are at large to the effect that he has entered into an alliance or understanding with Senator Stanley and the latter's personal adherents by which he is committed to an amiable attitude toward the Stanley record."

KENTUCKY IN THE HOLE

The United States Census Bureau at Washington has just issued a report, "Financial Statistics of States" for 1918 which says that 39 of the 48 States paid all expenses, including interest and money for permanent improvements. Kentucky was not one of the 39. This report also says that Illinois, Indiana, Ohio and West Virginia not only paid expenses but were a million dollars to the good. Kentucky, within a stone's throw of all of them did not even pay expenses.

Privileged Characters.

The old saying "a bull in a china shop" is not an idle one when the bull referred to is one of the tribe of sacred cattle of India. In the streets of Calcutta members of the sacred herd roam at will. In the eyes of the orthodox Hindu it is sacrilegious to interfere with the cattle's liberty, even when it takes them into the city shops and crowded bazzars.

Horses Versus Elephants.

Tests made to determine the respective pulling power of horses, men and elephants showed that two horses weighing 1,000 pounds each, together, pulled 3,750 pounds, or 550 pounds more than their combined weight. One elephant weighing 12,000 pounds pulled 8,750 pounds, or 3,250 pounds less than its weight. Fifty men, aggregating 7,500 pounds, pulled 8,750 pounds, or just as much as the single elephant, but, like the horse, they pulled more than their own weight. One hundred men pulled 12,000 pounds.

Chinese Music Unwritten.

Chinese music is not written. The words of some of the famous songs have been preserved, but the music has been handed down from father to son for generations that go far back before the day of the troubadours. When music is played it is played according to the memory of the musician and his ideas of interpretation. A musician varies the performance as his best judgement dictates, and the strings, reeds or brass may break in at almost any time.

The Kentucky Orphans Home takes care of children not provided for by the State or by Lodge or Church Homes. There are thousands of them in Kentucky today. Are you going to help?

FURS FURS FURS The Greatest Sale Ever Held In This County

WILL TAKE PLACE AT MRS. RELLA ARNOLD FRANCIS' NEW STORE IN THE OLD CURREY STAND FOR TWO DAYS ONLY.

We have just received \$2,000.00 worth of high grade Russian and Canadian Furs in drummers' samples from the Montreal Fur Company, Montreal, Canada, which must be sacrificed at once and will be sold at less than one-third of its value, consisting of ladies' furs, coats, coatees, ladies, and Misses' fur sets, scarfs, muffs, stoles, capes, and a few high grade numbers in mens fur lined coats. Also a few animal rugs, such as leopards, tigers, Siberian Wolf, Russian bears, Automobile robes and other fur garments too numerous to mention.

These drummers' samples are up-to-the-minute in style, workmanship and made of the highest grade of Russian and Canadian furs, and they are the samples that were carried by the Montreal Fur Company's representatives and were sold to the high class trade in large cities for the present season, and are here for two days only. The reason for this sacrifice is to avoid the high cost of duty involved in taking those goods back to headquarters. Come early. Don't wait till it's too late. If you are ever in the market for a real nice set of furs or a real nice fur coat, now is your time to make your purchase.

These high grade Russian and Canadian furs must be sold at once, for we cannot and will not take them back to headquarters now. If you ever intend buying a real set of furs or a real fur coat, now is the time to make your purchase.
